

TransAct Secures BOHA! Solutions Order for a Regional Convenience Store Chain

February 12, 2020

Annual Recurring Revenue Per Unit is Estimated at \$1,300 per year.

HAMDEN, Conn.--(BUSINESS WIRE)--Feb. 12, 2020-- TransAct® Technologies Incorporated (Nasdaq: TACT) ("TransAct" or "the Company"), a global leader in software-driven technology and printing solutions for high-growth markets, today announced that it has secured another BOHA! agreement with a 230+ location regional convenience store chain. The company expects to deploy the BOHA! system in at least 100 of their locations by year-end, with the remaining deployments in 2021.

The complete system deployment will include the [BOHA!](#)™ Labeling SaaS-based app and TransAct Enterprise Management System ("TEMS") alongside the BOHA! Terminal as well as TransAct specifically designed labels. This regional convenience store chain will use the BOHA! ecosystem to support their fresh food program and to ensure FDA labeling compliance. TransAct estimates total annual recurring revenue per unit ("ARPU") per site will be \$1,300 per year.

"Convenience store operators are expanding their offerings to satisfy consumers' desire for more fresh food and healthier on-the-go snacks and need an automated, digitized labeling system to comply with FDA labeling requirements. This convenience store chain chose TransAct because our solutions provide convenience store operators with a simple and reliable way to ensure FDA labeling compliance, food safety and improve productivity for employees managing fresh food offerings," said Bart C. Shuldman, Chairman and CEO of TransAct Technologies. "We are very excited by the momentum BOHA! in the market and believe BOHA! Labeling and TEMS will be immensely helpful to convenience store locations as they work to streamline operations surrounding their new fresh food offerings."

BOHA! is the first single-vendor solution to combine applications for Food Safety Labeling, Temperature Monitoring of Food and Equipment, Inventory Management, Timers, Food Recalls, Checklists & Procedures, Equipment Service Management and Delivery Management in one integrated platform. Each BOHA! solution combines cloud-based SaaS applications with hardware and accessories to deliver superior results for critical back-of-house operations. BOHA! offers a one-stop solution for restaurants and food service companies to address their current back-of-house operating requirements while providing a future-ready platform capable of addressing back-of-house operations. BOHA! Terminal TEMS ensures only approved apps and functions are available on the device.

Forward-Looking Statements

Certain statements in this press release include forward-looking statements. Forward-looking statements generally can be identified by the use of forward-looking terminology, such as "may", "will", "expect", "intend", "estimate", "anticipate", "believe" or "continue" or the negative thereof or other similar words. All forward-looking statements involve risks and uncertainties, including, but not limited to, customer acceptance and market share gains, both domestically and internationally, in the face of substantial competition from competitors that have broader lines of products and greater financial resources; our competitors introducing new products into the marketplace; our ability to successfully develop and introduce new products and the acceptance of such products in the marketplace; our dependence on significant customers; our dependence on significant vendors; dependence on contract manufacturers for the assembly of a large portion of our products in Asia; our ability to protect intellectual property; our ability to recruit and retain quality employees as the Company grows; our dependence on third parties for sales outside the United States, including Australia, New Zealand, Europe, Latin America and Asia; the economic and political conditions in the United States, Australia, New Zealand, Europe, Latin America and Asia; marketplace acceptance of new products; risks associated with foreign operations; the availability of third-party components at reasonable prices; price wars or other significant pricing pressures affecting the Company's products in the United States or abroad; risks associated with potential future acquisitions; the risk that our new line of food safety and oil and gas products will not drive increased adoption by customers; and other risk factors detailed in TransAct's Annual Report on Form 10-K and other reports filed with the Securities and Exchange Commission. Actual results may differ materially from those discussed in, or implied by, the forward-looking statements. The forward-looking statements speak only as of the date of this release and the Company assumes no duty to update them to reflect new, changing or unanticipated events or circumstances.
