

TransAct Technologies Secures New BOHA! Win with Regional Convenience Store Chain

July 2, 2025

HAMDEN, Conn.--(BUSINESS WIRE)--Jul. 2, 2025-- TransAct® Technologies Incorporated (Nasdaq: TACT), a global leader delivering software-driven technology and printing solutions, today announced a new customer win with a Northeast-based convenience store chain. The operator has selected TransAct's BOHA!® Terminal 2 and Grab 'n Go Labeling software, along with custom labels, to support fresh food labeling and in-store operations across all of its grab 'n go locations. The order includes 60 BOHA! Terminal 2 units, each bundled with a three-year Premier Express Warranty, as well as TransAct's custom labels.

"We understand the pressure convenience store operators face to deliver fresh food quickly without compromising consistency," said John Dillon, CEO of TransAct Technologies. "Our BOHA! platform gives them a practical, scalable solution to streamline operations and maintain quality in every store. With BOHA! Terminal 2 now standard across its grab 'n go footprint, this new customer is raising the bar on labeling consistency, store-level execution, and overall foodservice quality."

This new customer win reflects continued momentum for TransAct's BOHA! solution among regional and national c-store chains as the industry prioritizes grab 'n go innovation, labor efficiency, and tighter operational control.
