

Foxwoods Resort Casino Extends Agreement with TransAct Technologies Incorporated

North America's Largest Resort Casino Announces March 1st Expansion of New EPICENTRAL™ Print System to all MGM Grand at Foxwoods Slots

MASHANTUCKET, CT (February 15, 2011) - Foxwoods Resort Casino and MGM Grand at Foxwoods today announced an extended agreement with Hamden, CT based TransAct Technologies Incorporated (NASDAQ: TACT), a global leader in market-specific printers for transaction-based industries, to install the EPICENTRAL™ Print System in slot machines throughout the MGM Grand at Foxwoods. This expansion calls for an increase in the installation of the EPICENTRAL™ system from 300 slot machines to all 1,100 machines at MGM Grand at Foxwoods.

"We're looking forward to experiencing the EPICENTRAL™ Print System and hearing feedback from our loyal gamers," said Lou Rosa, Vice President of Slot Operations for Foxwoods. "With over 6,600 slot machines on our award-winning property, we're always looking for ways to differentiate Foxwoods and MGM Grand at Foxwoods from the competition and believe this partnership will help us do just that."

The new EPICENTRAL™ Print System connected directly to TransAct's ServerPort™ device inside the slot machine is an easy-to-use, cost-efficient software system that will enable Foxwoods to internally develop marketing programs and promotional coupons to be distributed to customers on a real-time basis at a slot machine. Additionally, the system will work with all existing slot systems and games as it is separate and distinct from the slot system itself. With this, Foxwoods will be able to use the EPICENTRAL™ Print System to connect to any existing slot machine, regardless of the game's manufacturer or the current slot system, as long as the slot machine is equipped with a TransAct Epic 950® printer.

"We are thrilled to be partnering with Foxwoods, one of the largest and preeminent casinos in the country, in introducing the EPICENTRAL™ Print System to the public," said Bart C. Shuldman, Chairman and Chief Executive Officer of TransAct Technologies. "We believe the EPICENTRAL™ Print System will be a significant addition to Foxwoods' marketing program as it will enable the casino to reach out in real-time to its customers with multiple marketing and promotional messages to incentivize additional play time on the slot machines, promote incremental purchases throughout the property or induce additional visits in the future. We look forward to a successful trial run and the possibility of a major expansion of the system at Foxwoods in the near future."

Through the use of this software system, Foxwoods will have the ability to provide players with special drawing entries, real-time promotional coupons and marketing messages, restaurant meals, show tickets and hotel rooms, among many other possibilities. Essentially, Foxwoods will be able to utilize the EPICENTRAL™ Print System to create multiple promotions and incentives to either increase customer time spent on the casino floor or encourage additional visits.

Two acoustically-perfected theaters offer weekly entertainment for all ages. The original state-of-the-art Fox Theater, seating 1,400, was opened in 1993 by the legendary Frank Sinatra. The majestic 4,000-seat MGM Grand Theater hosts an impressive variety of weekly headline entertainment. Conveniently located adjacent to Foxwoods is Lake of Isles™, featuring two 18-hole championship golf courses designed by

Rees Jones and a state-of-the-art Golf Academy. Foxwoods supports responsible gaming, and plays a leadership role in the Connecticut Council of Problem Gambling, of which it was a founding entity. For more information, call 800-FOXWOODS or visit www.foxwoods.com.

About the Mashantucket Pequot Tribal Nation

The Mashantucket Pequots are a native Algonquin people in southeastern Connecticut, having endured centuries of conflict, survival, and continuity on and around one of America's oldest Indian reservations, established in 1666. As the first native people within the borders of the continental United States to suffer attempted genocidal massacre by Puritan Colonists in 1637, the Pequots and their repatriation is an unprecedented story of restoration exhibited in detail at the Tribe's world-class Museum and Research Center (www.pequotmuseum.org). Today the Mashantucket Pequot Tribal Nation owns the largest resort casino in the world, Foxwoods Resort Casino (www.foxwoods.com), along with several other economic ventures including the Lake of Isles Golf Course (www.lakeofisles.com), a joint-venture partnership establishing the MGM Grand at Foxwoods, and Foxwoods Development Company dedicated to world-class resort development throughout the United States and Caribbean. All together, the Mashantucket Pequot Tribal Nation remains one of the State of Connecticut's highest tax payers and largest employers. Likewise, the Tribe provides significant financial contributions to state and local nonprofit organizations that support neighboring communities.
