## TransAct Technologies Signs New Contract to Install EPICENTRAL(R) Print System With U.S. Casino Company

HAMDEN, Conn., Aug. 16, 2012 (GLOBE NEWSWIRE) -- TransAct Technologies Incorporated (Nasdaq:TACT), a global leader in market-specific solutions, including printers, terminals, software and other products for transaction-based and other industries, today announced that it has signed a new contract to install the EPICENTRAL® Print System with a U.S. casino company. The EPICENTRAL® Print System will be connected to over 1,700 slot machines and is projected to go live before the end of this year. In addition, as part of the installation process, the casino is upgrading 500 printers in their slot machines to the TransAct Epic 950® printer in order to ensure full usage of the System.

"We are very excited to sign this latest contract to install our EPICENTRAL® Print System with a new casino who we believe will quickly realize the competitive advantages of the EPICENTRAL® System once it goes live," said Bart C. Shuldman, Chairman and Chief Executive Officer of TransAct Technologies. "In order to protect the company's competitive advantage, we are honoring our customer's wishes to keep their name anonymous until the system goes live."

The EPICENTRAL® Print System — connected directly to TransAct's ServerPort™ device inside the slot machine- is an easy-to-use, cost-efficient software system that enables casinos to internally develop marketing programs and promotional coupons to be distributed to customers on a real-time basis at a slot machine. Additionally, the system works with all existing slot systems and games as it is separate and distinct from the slot system itself. With this, casinos will be able to use the EPICENTRAL® Print System to connect to all existing slot machines, regardless of the game's manufacturer, to drive increased revenue and enhance their customers' experience on a real-time basis.

## **About TransAct Technologies Incorporated**

TransAct Technologies Incorporated (Nasdaq:TACT) is a leader in developing and manufacturing market-specific solutions, including printers, terminals, software and other products for transaction-based and other industries. These industries include casino, gaming, lottery, banking, kiosk, point-of-sale, food safety, hospitality, oil and gas, and medical and mobile. Each individual market has distinct, critical requirements for printing and the transaction is not complete until the receipt and/or ticket is produced. TransAct printers and products are designed from the ground up based on market specific requirements and are sold under the Ithaca®, Epic, EPICENTRAL® and Printrex® product brands. TransAct distributes its printers through OEMs, value-added resellers, selected distributors, and direct to end-users. TransAct has over two million printers installed around the world. TransAct is committed to world-class printer service, spare parts and accessories required by a growing worldwide installed base of printers. Beyond printers, TransAct is a leader in providing printing supplies to the full transaction printer market. Through its TransAct Services Group, TransAct provides a complete range of supplies and consumables items used in the printing and scanning activities of customers in the hospitality, banking, retail, gaming, government and oil and gas exploration markets. Through its webstore, <a href="http://www.transactsupplies.com">http://www.transactsupplies.com</a>, and a direct selling team, TransAct addresses the on-line demand for these products. TransAct is headquartered in Hamden, CT. For more information, please visit <a href="http://www.transact-tech.com">http://www.transact-tech.com</a> or call 203.859.6800.

## **Forward-Looking Statements:**

Certain statements in this press release include forward-looking statements. Forward-looking statements generally can be identified by the use of forward-looking terminology, such as "may", "will", "expect", "intend", "estimate", "anticipate", "believe" or "continue" or the negative thereof or other similar words. All forward-looking statements involve risks and uncertainties, including, but are not limited to, the Company's ability to successfully integrate the Printrex business with its existing operations; customer acceptance and market share gains, both domestically and internationally, in the face of substantial competition from competitors that have broader lines of products and greater financial resources; introduction of new products into the marketplace by competitors; successful product development; dependence on significant customers; dependence on significant vendors; dependence on contractor manufacturers for the assembly of a large portion of our products in China; the ability to protect intellectual property; the ability to recruit and retain quality employees as the Company grows; dependence on third parties for sales outside the United States, including Australia, New Zealand, Europe, Latin America and Asia; marketplace acceptance

of new products; risks associated with foreign operations; availability of third-party components at reasonable prices; price wars or other significant pricing pressures affecting the Company's products in the United States or abroad; risks associated with potential future acquisitions; and the outcome of the lawsuit between TransAct and Avery Dennison Corporation. Actual results may differ materially from those discussed in, or implied by, the forward-looking statements. The forward-looking statements speak only as of the date of this release and the Company assumes no duty to update them to reflect new, changing or unanticipated events or circumstances.
