**TRANSACT TECHNOLOGIES INCORPORATED**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(unaudited)

**1. Description of business**

TransAct Technologies Incorporated (“TransAct” or the “Company”), which has its headquarters in Hamden, CT and its primary operating and engineering facility in Ithaca, NY, operates in one industry segment, market-specific printers for transaction-based industries. These industries include casino, gaming, lottery, banking, kiosk and point-of-sale. Our printers are designed based on market specific requirements and are sold under the Ithaca® and Epic product brands. We distribute our products through original equipment manufacturers, value-added resellers, selected distributors, and directly to end-users. Our product distribution spans across the Americas, Europe, the Middle East, Africa, Asia, Australia, the Caribbean Islands and the South Pacific. We also generate revenue from the after-market side of the business, providing printer service, supplies and spare parts.

**2. Basis of presentation**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. These accounting principles were applied on a basis consistent with those of the consolidated financial statements contained in the Company’s Annual Report on Form 10-K for the year ended December 31, 2007. In our opinion, the accompanying unaudited condensed consolidated financial statements contain all adjustments (consisting only of normal recurring adjustments) necessary to fairly state TransAct’s financial position as of September 30, 2008, the results of our operations for the three and nine months ended September 30, 2008 and 2007, and our cash flows for the nine months ended September 30, 2008 and 2007. The December 31, 2007 condensed consolidated balance sheet data was derived from audited financial statements, but does not include all disclosures required by accounting principles generally accepted in the United States of America. These interim financial statements should be read in conjunction with the audited financial statements for the year ended December 31, 2007 included in our Annual Report on Form 10-K.

The financial position and results of operations of our two foreign subsidiaries are measured using local currency as the functional currency. Assets and liabilities of such subsidiaries have been translated at the end of period exchange rates, and related revenues and expenses have been translated at the weighted average exchange rates with the resulting translation gain or loss recorded in accumulated other comprehensive income in the condensed consolidated balance sheets. Transaction gains and losses are included in other income in the condensed consolidated statement of operations.

The results of operations for the three and nine months ended September 30, 2008 are not necessarily indicative of the results to be expected for the full year.

**3. Share-based payments**

**Stock option activity.** The 1996 Stock Plan, 1996 Directors’ Stock Plan, 2001 Employee Stock Plan and 2005 Equity Incentive Plan option activity is summarized below:

	<u>Options</u>	<u>Weighted Average Exercise Price</u>	<u>Weighted Average Remaining Contractual Life (in years)</u>	<u>Aggregate Intrinsic Value (in thousands)</u>
Options outstanding at December 31, 2007	764,696	\$ 6.95		
Granted	167,500	\$ 5.85		
Exercised	(62,472)	\$ 4.76		
Forfeited	(1,500)	\$ 5.24		
Expired	(10,575)	\$ 11.25		
Options outstanding at September 30, 2008	<u>857,649</u>	\$ 6.85	5.73	\$ 2,027
Options exercisable at September 30, 2008	<u>534,649</u>	\$ 6.60	3.88	\$ 1,635

**TRANSACT TECHNOLOGIES INCORPORATED**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(unaudited)

**3. Share-based payments (continued)**

As of September 30, 2008, unrecognized compensation cost related to stock options totaled \$1,234,000, which is expected to be recognized over a weighted average period of 3.9 years. The total intrinsic value of stock options exercised was \$386,000 and \$61,000 during the three months ended September 30, 2008 and 2007, respectively. The total intrinsic value of stock options exercised was \$397,000 and \$62,000, during the nine months ended September 30, 2008 and 2007, respectively.

**Restricted stock activity.** Under the 1996 Stock Plan, 2001 Employee Stock Plan and 2005 Equity Incentive Plan, we have granted shares of restricted common stock, for no consideration, to our officers, directors and certain key employees. Restricted stock activity for the 1996 Stock Plan, 2001 Employee Stock Plan and 2005 Equity Incentive Plan is summarized below:

	<u>Restricted Stock</u>	<u>Weighted Average Grant Date Fair Value</u>
Nonvested shares at December 31, 2007	106,683	\$ 12.10
Granted	—	—
Vested	(44,583)	12.15
Forfeited	(500)	6.99
Nonvested shares at September 30, 2008	<u>61,600</u>	<u>\$ 12.10</u>

As of September 30, 2008, unrecognized compensation cost related to restricted stock totaled \$472,000, which is expected to be recognized over a weighted average period of 1.7 years. No restricted stock vested during the three months ended September 30, 2008 and 2007, respectively. The intrinsic value of restricted stock that vested was \$274,000 and \$280,000, during the nine months ended September 30, 2008 and 2007, respectively.

**Share-based compensation expense.** During the three months ended September 30, 2008 and 2007, we recognized compensation expense of \$91,000 and \$64,000, respectively, for stock options and \$109,000 and \$123,000, respectively, for restricted stock, which was recorded in our condensed consolidated statements of operations in accordance with SFAS No. 123 (revised 2004), *Share-Based Payment* ("SFAS No. 123(R)"). The income tax benefits from share-based payments recorded in the condensed consolidated statements of operations totaled \$74,000 and \$69,000 for the three months ended September 30, 2008 and 2007, respectively. During the nine months ended September 30, 2008 and 2007, we recognized compensation expense of \$248,000 and \$168,000, respectively, for stock options and \$361,000 and \$380,000, respectively, for restricted stock. The income tax benefits from share-based payments recorded in the condensed consolidated statements of operations totaled \$226,000 and \$202,000 for the nine months ended September 30, 2008 and 2007, respectively.

**Assumptions for estimating fair value of share-based payments.** We use the Black-Scholes option-pricing model to calculate the fair value of share-based awards. The key assumptions for this valuation method include the expected term of the option, stock price volatility, risk-free interest rate, dividend yield and exercise price. Many of these assumptions are judgmental and highly sensitive in the determination of compensation expense. In addition, we estimate forfeitures when recognizing compensation expense, and we will adjust our estimate of forfeitures over the requisite service period based on the extent to which actual forfeitures differ, or are expected to differ, from such estimates. Changes in estimated forfeitures will be recognized through a cumulative true-up adjustment in the period of change and will also impact the amount of compensation expense to be recognized in future periods.

Under the assumptions indicated below, the weighted-average fair value of stock option grants for the nine months ended September 30, 2008 was \$3.43. No assumptions have been disclosed for the three months ended September 30, 2008 and 2007, as no stock option grants were made during those periods. The weighted-average fair value of stock option grants for the nine months ended September 30, 2007 was \$5.81.

**TRANSACTION TECHNOLOGIES INCORPORATED**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(unaudited)

**3. Share-based payments (continued)**

The table below indicates the key assumptions used in the option valuation calculations for options granted in the respective periods:

	Three months ended September 30,		Nine months ended September 30,	
	2008	2007	2008	2007
Expected option term	Not applicable	Not applicable	5.7 years	6.0 years
Expected volatility	Not applicable	Not applicable	61.7%	71.2%
Risk-free interest rate	Not applicable	Not applicable	3.0%	4.5%
Dividend yield	Not applicable	Not applicable	0%	0%

**4. Inventories**

The components of inventories, net of allowances, are:

<i>(In thousands)</i>	September 30, 2008	December 31, 2007
Raw materials and purchased component parts	\$ 8,558	\$ 8,019
Work-in-process	14	57
Finished goods	174	589
	<u>\$ 8,746</u>	<u>\$ 8,665</u>

**5. Accrued product warranty liability**

The following table summarizes the activity recorded in the accrued product warranty liability during the three and nine months ended September 30, 2008 and 2007:

<i>(In thousands)</i>	Three months ended September 30,		Nine months ended September 30,	
	2008	2007	2008	2007
Balance, beginning of period	\$ 483	\$ 580	\$ 500	\$ 603
Additions related to warranties issued	18	30	234	246
Warranty costs incurred	(55)	(97)	(288)	(336)
Balance, end of period	<u>\$ 446</u>	<u>\$ 513</u>	<u>\$ 446</u>	<u>\$ 513</u>

The current portion of the accrued product warranty liability is included in accrued liabilities in the condensed consolidated balance sheets.

**6. Accrued business consolidation and restructuring**

In February 2001, we undertook a plan to consolidate all manufacturing and engineering into our existing Ithaca, NY facility and to close our Wallingford, CT manufacturing facility (the "Consolidation"). As of December 31, 2001, substantially all Wallingford product lines were successfully transferred to Ithaca, NY. We applied the consensus set forth in EITF 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (Including Certain Costs Incurred in a Restructuring)" in recognizing the accrued restructuring expenses relating to the Consolidation.

**TRANSACT TECHNOLOGIES INCORPORATED**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(unaudited)

**6. Accrued business consolidation and restructuring (continued)**

In November 2006, we executed an agreement effective May 1, 2007 to terminate the lease agreement for our Wallingford, CT facility (the "Release Agreement"). Prior to the execution of the Release Agreement, we accrued for the remaining non-cancelable lease payments and other related costs for the unused portion of this facility through the expiration date of the lease (March 31, 2008). As a result of the Release Agreement and the early termination of the lease, we were released from the legal obligation for lease payments after May 1, 2007 and, accordingly, we reversed \$479,000 of previously accrued restructuring reserve in the fourth quarter of 2006. During the second quarter of 2007, we recorded an additional \$12,000 of expense to finalize the termination of the lease agreement. As of December 31, 2007, all non-cancelable lease payments related to our Wallingford, CT facility had been made.

The following table summarizes the activity recorded in accrued restructuring expenses during the three and nine months ended September 30, 2007:

<i>(In thousands)</i>	<b>Three months ended September 30, 2007</b>	<b>Nine months ended September 30, 2007</b>
Accrual balance, beginning of period	\$ 14	\$ 315
Business consolidation and restructuring expenses	—	12
Cash payments	(14)	(327)
Accrual balance, end of period	<u>\$ —</u>	<u>\$ —</u>

**7. Earnings per share**

Basic and diluted earnings per share are calculated in accordance with Statement of Financial Accounting Standards ("SFAS") No. 128, "Earnings Per Share."

The following table sets forth the reconciliation of basic weighted average shares outstanding and diluted weighted average shares outstanding:

<i>(In thousands, except per share data)</i>	<b>Three months ended September 30,</b>		<b>Nine months ended September 30,</b>	
	<b>2008</b>	<b>2007</b>	<b>2008</b>	<b>2007</b>
Net income (loss)	<u>\$ 1,210</u>	<u>\$ (1,016)</u>	<u>\$ 808</u>	<u>\$ (955)</u>
Shares:				
Basic: Weighted average common shares outstanding	9,340	9,364	9,309	9,390
Add: Dilutive effect of outstanding options and restricted stock as determined by the treasury stock method	290	—	200	—
Diluted: Weighted average common and common equivalent shares outstanding	<u>9,630</u>	<u>9,364</u>	<u>9,509</u>	<u>9,390</u>
Earnings (loss) per common share:				
Basic	\$ 0.13	\$ (0.11)	\$ 0.09	\$ (0.10)
Diluted	\$ 0.13	\$ (0.11)	\$ 0.08	\$ (0.10)

**TRANSACT TECHNOLOGIES INCORPORATED**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(unaudited)

**7. Earnings per share (continued)**

Unvested restricted stock is excluded from the calculation of weighted average common shares for basic EPS. For diluted EPS, weighted average common shares include the impact of unvested restricted stock under the treasury stock method.

For the three months ended September 30, 2008, potentially dilutive shares that were excluded from the earnings per share calculation, consisting of out-of-the-money stock options, amounted to 37,250 shares.

For the nine months ended September 30, 2008, potentially dilutive shares that were excluded from the earnings per share calculation, consisting of out-of-the-money stock options, amounted to 258,250 shares.

For the three and nine months ended September 30, 2007, there were 881,479 potentially dilutive shares (prior to consideration of the treasury stock method), consisting of stock options and unvested restricted stock, that were excluded from the earnings per share calculation as such shares would be anti-dilutive due to the Company's net loss in those periods.

**8. Comprehensive income (loss)**

The following table summarizes the Company's comprehensive income (loss):

<i>(In thousands)</i>	Three months ended September 30,		Nine months ended September 30,	
	2008	2007	2008	2007
Net income (loss)	\$1,210	\$(1,016)	\$ 808	\$ (955)
Foreign currency translation adjustment	(71)	22	(80)	38
Total comprehensive income (loss)	<u>\$1,139</u>	<u>\$ (994)</u>	<u>\$ 728</u>	<u>\$ (917)</u>

**9. Stockholder's equity**

Changes in stockholders' equity for the nine months ended September 30, 2008 were as follows (in thousands):

Balance at December 31, 2007	\$21,608
Net income	808
Proceeds from issuance of shares from exercise of stock options	298
Share-based compensation expense	609
Foreign currency translation adjustment	(80)
Balance at September 30, 2008	<u>\$23,243</u>

**10. Stock repurchase program**

On March 25, 2005, our Board of Directors approved a stock repurchase program ("the Stock Repurchase Program"). Under the Stock Repurchase Program, we were authorized to repurchase up to \$10 million of our outstanding shares of common stock from time to time in the open market over a three year period, depending on market conditions, share price and other factors.

On November 1, 2007, our Board of Directors approved an increase in our stock repurchase authorization under the Stock Repurchase Program to \$15 million from \$10 million. In addition, the Board approved a two-year extension of the Stock Repurchase Program to March 31, 2010. During the three and nine months ended September 30, 2008, we made no repurchases of common stock. As of September 30, 2008, we have repurchased a total of 1,034,000 shares of common stock for \$7,995,000, at an average price of \$7.73 per share, since the inception of the Stock Repurchase Program.

**TRANSACT TECHNOLOGIES INCORPORATED**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(unaudited)

**11. Commitments and contingencies**

We had been involved in patent litigation with FutureLogic with respect to our patents U.S. Patent 6,924,903 and U.S. Patent 7,099,035. On May 13, 2008, we signed a Patent License and Settlement Agreement with FutureLogic that settled the current patent litigation and all other legal matters outstanding between the two parties. Under the Patent License and Settlement Agreement, FutureLogic has agreed to license our dual port technology for printers and upgrade kits that utilize the patented technology. The license granted FutureLogic worldwide, perpetual rights for U.S. Patent 6,924,903, U.S. Patent 7,099,035, related applications and patents, and foreign counterparts.

**12. Income taxes**

As of September 30, 2008, we had a net deferred tax asset of \$4,108,000. In two of the last three years, we have had U.S. taxable losses and there is no assurance that we will generate future taxable income sufficient to realize all of our deferred tax assets. However, based on our current projection of future taxable income as of September 30, 2008, we believe that it is more likely than not that the existing net deferred tax asset will be realized. However, if our future projections of taxable income are less than expected, we may need to establish a valuation allowance for all or a portion of our net deferred tax asset, which may have a material adverse effect on our results of operations and financial condition.

For the first nine months of 2008, our income tax provision and effective tax rate does not include any benefit from the federal research and development credit, as this credit expired at the end of 2007. However, in October 2008 this credit was reinstated retroactive to January 1, 2008, as part of the passage of the Emergency Economic Stabilization Act of 2008. As a result, we expect to recognize the full year 2008 income tax benefit from the federal research and development credit of approximately \$100,000 in the fourth quarter of 2008, which will favorably impact our effective tax rate for the fourth quarter and full year 2008. We expect our annual effective tax rate for 2008 to be between 34% and 35% due to the recognition of certain tax credits during the fourth quarter of 2008.

We are subject to U.S. federal income tax as well as income tax of certain state and foreign jurisdictions. We have substantially concluded all U.S. federal income tax, state and local, and foreign tax matters through 2002. Our federal tax returns for the years 2003 – 2007 remain open to examination, with our 2005 and 2006 federal tax return examinations completed during the three months ended September 30, 2008. Various state and foreign tax jurisdiction tax years remain open to examination as well, though we believe that any additional assessment would be immaterial to the condensed consolidated financial statements. No state or foreign tax jurisdictions are currently under examination.

As of September 30, 2008, we had \$125,000 of total gross unrecognized tax benefits that, if recognized, would favorably affect the effective income tax rate in any future periods. We are not aware of any events that could occur within the next twelve months that could cause a significant change in the total amount of unrecognized tax benefits.

We do not anticipate that the total unrecognized tax benefits will significantly change due to the settlement of audits and the expiration of statute of limitations prior to September 30, 2009.

We recognize interest and penalties related to uncertain tax positions in income tax expense. As of September 30, 2008, we have \$5,000 of accrued interest related to uncertain tax positions.

**TRANSACT TECHNOLOGIES INCORPORATED**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
(unaudited)

**13. Recently issued accounting pronouncements**

**Fair Value Measurements:** In September 2006, the Financial Accounting Standards Board (“FASB”) issued Statement of Financial Accounting Standards No. 157, “Fair Value Measurements” (“FAS 157”). This statement defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. This Statement applies under other accounting pronouncements that require or permit fair value measurements. FAS 157 defines fair value based upon an exit price model. A fair value measurement assumes that the transaction to sell an asset or transfer a liability occurs in the principal market for the asset or liability, or, in the absence of a principal market, the most advantageous market for the asset or liability. This Statement was effective for the Company beginning on January 1, 2008, except that FSP 157-2 delayed the effective date of FAS 157 for all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value in the financial statements on a recurring basis, until fiscal years beginning after November 15, 2008. The Company adopted FAS 157 on January 1, 2008, with the exception of the application of the Statement to non-recurring nonfinancial assets and liabilities measured at fair value which include: (i) goodwill impairment testing, (ii) initial measurement of the fair value of asset retirement obligations and (iii) measurement of impairment of long-lived assets. The implementation of FAS 157 did not have an effect on the Company’s consolidated financial position, results of operations or cash flows during the three months and nine months ended September 30, 2008, and is not expected to have a material effect on the Company upon full adoption in future periods.

**Fair Value Option for Financial Assets and Financial Liabilities:** In February 2007, the FASB issued Statement of Financial Accounting Standards No.159, “The Fair Value Option for Financial Assets and Financial Liabilities, including an amendment of FASB Statement No. 115” (“FAS 159”). This Statement permits entities to choose to measure many financial instruments and certain other items at fair value that are not currently required to be measured at fair value. The Company adopted FAS 159 on January 1, 2008 and elected not to measure any additional financial instruments and other items at fair value. The adoption did not have a material effect on the Company’s consolidated financial position, results of operations or cash flows during the three months and nine months ended September 30, 2008.

**Business Combinations:** In December 2007, the FASB issued Statement of Financial Accounting Standards No. 141 (revised 2007), “Business Combinations” (“FAS 141(R)”). FAS 141(R) amends Statement of Financial Accounting Standards No. 141, “Business Combinations” and provides revised guidance requiring the acquirer to recognize and measure, at fair value on the acquisition date, identifiable assets and goodwill acquired, liabilities assumed, and any non-controlling interest in the acquiree. Transaction and restructuring costs generally will be expensed as incurred. The Statement also provides disclosure requirements to enable users of the financial statements to evaluate the nature and financial effects of the business combination. FAS 141(R) is effective for fiscal years beginning on or after December 15, 2008 and will be applied prospectively. The Company is currently evaluating the potential impact of this Statement.

**Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations**

**Forward Looking Statements**

Certain statements included in this report, including without limitation statements in this Management’s Discussion and Analysis of Financial Condition and Results of Operations, which are not historical facts are “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All forward-looking statements generally can be identified by the use of forward-looking terminology, such as “may”, “will”, “expect”, “intend”, “estimate”, “anticipate”, “believe”, “project” or “continue” or the negative thereof or other similar words. Forward-looking statements involve risks and uncertainties, including, but not limited to those listed in Item 1A of our most recently filed Form 10-K. Actual results may differ materially from those discussed in, or implied by, the forward-looking statements. The forward-looking statements speak only as of the date of this report and we assume no duty to update them.

**Overview**

TransAct designs, develops, assembles, markets and services world-class transaction printers under the Epic and Ithaca® brand names. Known and respected worldwide for innovative designs and real-world service reliability, our thermal, inkjet and impact printers generate top-quality transaction records such as receipts, tickets, coupons, register journals and other documents. We focus on the following core markets: banking and point-of-sale, casino and gaming, and lottery. We sell our products to original equipment manufacturers, value-added resellers, selected distributors, as well as directly to end-users. Our product distribution spans across the Americas, Europe, the Middle East, Africa, Asia, Australia, the Caribbean Islands and the South Pacific. In addition, we have a strong focus on the after-market side of the business, with a growing commitment to printer service, supplies and spare parts. We operate in one reportable segment, the design, development, assembly and marketing of transaction printers and printer-related service, supplies and spare parts.

**Critical Accounting Judgments and Estimates**

Our discussion and analysis of our financial condition and results of operations are based upon our condensed consolidated financial statements, which have been prepared by us in accordance with accounting principles generally accepted in the United States of America. The presentation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenue and expenses, and disclosure of contingent assets and liabilities. Our estimates include those related to revenue recognition, inventory obsolescence, the valuation of deferred tax assets and liabilities, depreciable lives of equipment, warranty obligations, and contingent liabilities. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances.

For a complete description of our accounting policies, see Item 7 - Management’s Discussion and Analysis of Financial Condition and Results of Operations, “Critical Accounting Policies and Estimates,” included in our Form 10-K for the year ended December 31, 2007. We have reviewed those policies and determined that they remain our critical accounting policies for the nine months ended September 30, 2008.

**Results of Operations: Three months ended September 30, 2008 compared to three months ended September 30, 2007**

**Net Sales.** Net sales, which include printer sales and sales of spare parts, consumables and repair services, by market for the three months ended September 30, 2008 and 2007 were as follows:

<i>(In thousands)</i>	<u>Three months ended</u> <u>September 30, 2008</u>		<u>Three months ended</u> <u>September 30, 2007</u>		<u>Change</u>	
	\$	%	\$	%	\$	%
Banking and point-of-sale	\$ 2,984	17.2%	\$ 2,981	25.4%	\$ 3	0.1%
Casino and gaming	6,681	38.6%	4,728	40.3%	1,953	41.3%
Lottery	4,728	27.3%	1,073	9.1%	3,655	340.6%
TransAct Services Group	2,933	16.9%	2,955	25.2%	(22)	(0.7)%
	<u>\$ 17,326</u>	<u>100.0%</u>	<u>\$ 11,737</u>	<u>100.0%</u>	<u>\$5,589</u>	<u>47.6%</u>
International *	<u>\$ 2,982</u>	<u>17.2%</u>	<u>\$ 2,824</u>	<u>24.1%</u>	<u>\$ 158</u>	<u>5.6%</u>

\* International sales do not include sales of printers made to domestic distributors or other customers who in turn ship those printers to international destinations.

## [Table of Contents](#)

Net sales for the third quarter of 2008 increased \$5,589,000, or 48%, from the same period last year due primarily to higher printer shipments into our lottery (an increase of \$3,655,000, or 341%), and casino and gaming markets (an increase of \$1,953,000, or 41%). Sales from our TransAct Services Group decreased by \$22,000, or 1%, and sales from our banking and point-of-sale market remained consistent. Overall, international sales increased by \$158,000, or 6%, due to higher international shipments of our casino and gaming printers largely offset by lower international shipments in our other markets.

### **Banking and point-of-sale:**

Revenue from the banking and point-of-sale (“POS”) market includes sales of printers used by banks, credit unions, and other financial institutions to print and/or validate receipts and checks at bank teller stations. Revenue from this market also includes sales of inkjet, thermal and impact printers used primarily by retailers in the restaurant (including fine dining, casual dining and fast food), hospitality, and specialty retail industries to print receipts for consumers, validate checks, or print on other inserted media. Sales of our banking and POS printers worldwide increased \$3,000, or less than 1%.

<i>(In thousands)</i>	Three months ended September 30, 2008		Three months ended September 30, 2007		Change	
	\$	%	\$	%	\$	%
Domestic	\$ 2,798	93.8%	\$ 2,610	87.6%	\$ 188	7.2%
International	186	6.2%	371	12.4%	(185)	(49.9)%
	<u>\$ 2,984</u>	<u>100.0%</u>	<u>\$ 2,981</u>	<u>100.0%</u>	<u>\$ 3</u>	<u>0.1%</u>

Domestic banking and POS revenue increased to \$2,798,000, representing an \$188,000, or 7%, increase from the third quarter of 2007. Banking printer sales increased by approximately \$100,000 due primarily to increasing sales of our new BANKjet® 2500 bank teller printer in the third quarter of 2008 compared to the third quarter of 2007. Although we are currently pursuing several banking opportunities, due to the project-oriented nature of these sales, and the current credit crisis that we believe is negatively impacting the banking industry’s level of capital expenditures, we cannot predict if and when future sales may occur. Banking printer sales continued to be complemented by increased sales of our new Ithaca 8000® receipt/label printer for McDonalds, as well as initial sales of our second printer product, the Ithaca 8040®, for this same customer. These increases were somewhat offset by decreased sales of non-McDonalds POS printers and our legacy line of POS impact printers to our distributors. We expect sales of our legacy impact printers for the remainder of 2008 to continue to be lower than those reported for the comparable 2007 period, as these printers are being replaced by our newer thermal and inkjet printers.

International banking and POS printer shipments decreased by \$185,000, or 50%, to \$186,000, due primarily to lower sales to our international distributors in Latin America and Asia.

### **Casino and gaming:**

Revenue from the casino and gaming market includes sales of printers used in slot machines, video lottery terminals (“VLTs”), and other gaming machines that print tickets instead of issuing coins (“ticket-in, ticket-out” or “TITO”) at casinos and racetracks (“racinos”) and other gaming venues worldwide. Revenue from this market also includes sales of printers used in the international off-premise gaming market in gaming machines at non-casino gaming establishments such as Amusement with Prizes (“AWP”), Skills with Prizes (“SWP”), and Fixed Odds Betting Terminals (“FOBT”). Sales of our casino and gaming products increased by \$1,953,000, or 41%, from the third quarter of 2007.

<i>(In thousands)</i>	Three months ended September 30, 2008		Three months ended September 30, 2007		Change	
	\$	%	\$	%	\$	%
Domestic	\$ 4,052	60.6%	\$ 3,087	65.3%	\$ 965	31.3%
International	2,629	39.4%	1,641	34.7%	988	60.2%
	<u>\$ 6,681</u>	<u>100.0%</u>	<u>\$ 4,728</u>	<u>100.0%</u>	<u>\$ 1,953</u>	<u>41.3%</u>

## [Table of Contents](#)

Domestic sales of our casino and gaming printers increased by \$965,000, or 31%, due largely to an increase in domestic sales of our thermal casino printers, including incremental sales resulting from our new status as the default printer provider to International Game Technologies (“IGT”) beginning April 2008, despite a weak domestic casino market. The increase was also complemented by increased domestic sales of our thermal gaming printers largely for use in video lottery terminals. We expect the domestic casino and gaming market to continue to be weak for the remainder of 2008 and into 2009. In light of these negative market conditions our future sales to the domestic casino and gaming market will be unpredictable and adversely affected.

International casino and gaming printer sales increased \$988,000, or 60%, to \$2,629,000 in the third quarter of 2008. International sales represented 39% and 35% of total sales into our casino and gaming market during the third quarter of 2008 and 2007, respectively. This increase was due primarily to increased sales of our thermal casino printers in Asia and Australia and continued growth in sales of our new off-premise gaming printers in Europe.

### **Lottery:**

Revenue from the lottery market includes sales of lottery printers to Lottomatica’s GTECH Corporation (“GTECH”), the world’s largest provider of lottery terminals, for various lottery applications. Sales of our lottery products increased by \$3,655,000, or 341%, from the third quarter of 2007, due largely to higher domestic sales of lottery printers to GTECH.

<i>(In thousands)</i>	<u>Three months ended</u> <u>September 30, 2008</u>		<u>Three months ended</u> <u>September 30, 2007</u>		<u>Change</u>	
					\$	%
Domestic	\$ 4,636	98.1%	\$ 817	76.1%	\$3,819	467.4%
International	92	1.9%	256	23.9%	(164)	(64.1)%
	<u>\$ 4,728</u>	<u>100.0%</u>	<u>\$ 1,073</u>	<u>100.0%</u>	<u>\$3,655</u>	<u>340.6%</u>

Domestic and international printer sales to GTECH, which include thermal on-line and other lottery printers, increased by \$3,655,000, or 341%, in the third quarter of 2008 compared to the third quarter of 2007, with domestic sales increasing \$3,819,000 and international sales decreasing \$164,000. Our quarterly sales to GTECH are directly dependent on the timing and number of new and upgraded lottery terminal installations GTECH performs, and as a result, may fluctuate significantly quarter-to-quarter. Our sales to GTECH are not indicative of GTECH’s overall business or revenue. We expect total sales to GTECH for the fourth quarter of 2008 to be lower than those reported during the third quarter of 2008.

### **TransAct Services Group:**

Revenue from the TransAct Services Group (“TSG”) includes sales of consumable products (inkjet cartridges, ribbons and receipt paper), replacement parts, maintenance and repair services, refurbished printers, accessories and shipping and handling charges. Sales from TSG decreased by \$22,000, or 1%.

<i>(In thousands)</i>	<u>Three months ended</u> <u>September 30, 2008</u>		<u>Three months ended</u> <u>September 30, 2007</u>		<u>Change</u>	
					\$	%
Domestic	\$ 2,858	97.4%	\$ 2,399	81.2%	\$ 459	19.1%
International	75	2.6%	556	18.8%	(481)	(86.5)%
	<u>\$ 2,933</u>	<u>100.0%</u>	<u>\$ 2,955</u>	<u>100.0%</u>	<u>\$ (22)</u>	<u>(0.7)%</u>

Domestic revenue from TSG increased by \$459,000, or 19%, largely due to increased sales of consumable products, including higher sales of inkjet cartridges, as well as growing sales of paper and other consumable products through our new e-commerce website, TransActSupplies.com. These increases were somewhat offset by lower maintenance and repair services revenue.

Internationally, TSG revenue decreased by \$481,000, or 87%, to \$75,000, due largely to a decrease in maintenance and repair services revenue from a service contract with a single customer in the United Kingdom. The service contract, which represented a substantial portion of our U.K. subsidiary’s revenue in 2007, ended in November 2007 and was not renewed, as the customer replaced our printers with newer technology that we were unable to provide. As a result, we expect international TSG revenue to be lower in 2008 compared to 2007.

## [Table of Contents](#)

**Gross Profit.** Gross profit information is summarized below (in thousands, except percentages):

	<u>September 30,</u>		<u>Percent</u> <u>Change</u>	<u>Percent of</u> <u>Total Sales – 2008</u>	<u>Percent of</u> <u>Total Sales – 2007</u>
	<u>2008</u>	<u>2007</u>			
Three months ended	\$5,894	\$3,885	51.7%	34.0%	33.1%

Gross profit is measured as revenue less cost of goods sold. Cost of goods sold includes primarily the cost of all raw materials and component parts, direct labor, and the associated manufacturing overhead expenses, as well as the cost of finished products purchased directly from contract manufacturers. Gross profit increased \$2,009,000, or 52%, to \$5,894,000 from \$3,885,000 due primarily to a 48% increase in sales from the third quarter 2008 compared to the third quarter 2007. Gross margin increased to 34.0% from 33.1%, due primarily to a higher volume of sales and lower component part and labor costs resulting from our continued focus to increasingly move production of our products to Asia, partially offset by a less favorable sales mix, in the third quarter of 2008 compared to the third quarter of 2007.

**Engineering and Product Development.** Engineering and product development information is summarized below (in thousands, except percentages):

	<u>September 30,</u>		<u>Percent</u> <u>Change</u>	<u>Percent of</u> <u>Total Sales – 2008</u>	<u>Percent of</u> <u>Total Sales – 2007</u>
	<u>2008</u>	<u>2007</u>			
Three months ended	\$713	\$791	(9.9)%	4.1%	6.7%

Engineering, design and product development expenses primarily include salary and payroll related expenses for our engineering staff, depreciation and design expenses (including prototype printer expenses, outside design and testing services, and supplies). Such expenses for the third quarter 2008 decreased by \$78,000, or 10%, due to lower professional consulting and prototype expenses, partially offset by additional compensation related expenses. Engineering and product development expenses decreased as a percentage of net sales due primarily to a higher volume of sales in the third quarter of 2008 compared to the third quarter of 2007, as well as lower expenses for the respective period.

**Selling and Marketing.** Selling and marketing information is summarized below (in thousands, except percentages):

	<u>September 30,</u>		<u>Percent</u> <u>Change</u>	<u>Percent of</u> <u>Total Sales – 2008</u>	<u>Percent of</u> <u>Total Sales – 2007</u>
	<u>2008</u>	<u>2007</u>			
Three months ended	\$1,430	\$1,618	(11.6)%	8.3%	13.8%

Selling and marketing expenses primarily include salaries and payroll related expenses for our sales and marketing staff, sales commissions, travel expenses, expenses associated with the lease of sales offices, advertising, trade show expenses, e-commerce and other promotional marketing expenses. Selling and marketing expenses for the third quarter of 2008 decreased by \$188,000, or 12%, due to a reduced level of sales staff related expenses resulting from the cost reduction actions we took in late 2007 as well as lower promotional marketing expenses. Selling and marketing expenses decreased as a percentage of net sales due primarily to a higher volume of sales as well as lower expenses in the third quarter of 2008 compared to the third quarter of 2007.

**General and Administrative.** General and administrative information is summarized below (in thousands, except percentages):

	<u>September 30,</u>		<u>Percent</u> <u>Change</u>	<u>Percent of</u> <u>Total Sales – 2008</u>	<u>Percent of</u> <u>Total Sales – 2007</u>
	<u>2008</u>	<u>2007</u>			
Three months ended	\$1,838	\$1,664	10.5%	10.6%	14.2%

## [Table of Contents](#)

General and administrative expenses primarily include salaries and payroll related expenses for our executive, accounting, human resource, business development and information technology staff, expenses for our corporate headquarters, professional and legal expenses, telecommunication expenses, and other expenses related to being a publicly-traded company. General and administrative expenses increased by \$174,000, or 11%, due primarily to higher employee compensation related expenses, including the hiring of our new Vice President of Business Development in May 2008, partially offset by lower recruiting and professional fee expenses. General and administrative expenses decreased as a percentage of net sales due primarily to a higher volume of sales, partially offset by higher expenses in the third quarter of 2008 as compared to the third quarter of 2007.

**Legal Fees associated with lawsuit.** During the third quarter of 2008, we did not incur any legal fees related to the recently settled lawsuit with FutureLogic, Inc. compared to \$1,525,000 in the third quarter of 2007. The substantial decrease was due to the settlement of our litigation with FutureLogic, Inc. in May 2008. As a result of this settlement, we do not expect to incur any additional legal fees related to the lawsuit for the remainder of 2008. See “Item 1 - Legal Proceedings” in Part II of this report for more information.

**Operating Income (Loss).** Operating income (loss) information is summarized below (in thousands, except percentages):

	September 30,		Percent Change	Percent of Total Sales – 2008	Percent of Total Sales – 2007
	2008	2007			
Three months ended	\$1,913	\$(1,713)	211.7%	11.0%	(14.6)%

During the third quarter of 2008, we reported operating income of \$1,913,000, or 11.0% of net sales, compared to an operating loss of (\$1,713,000), or (14.6%) of net sales in the third quarter of 2007. The increase in our operating income and operating margin was primarily due to higher sales volume and gross profit, as well as lower operating expenses (primarily no legal expense related to the FutureLogic lawsuit in the third quarter of 2008 compared to \$1,525,000 in the third quarter of 2007).

**Interest.** We recorded net interest expense of \$3,000 in the third quarter of 2008 compared to net interest income of \$20,000 in the third quarter of 2007. The decrease was largely due to a lower overall rate of return on our invested cash balance due to the decreasing rate environment, as well as a lower average cash balance in the third quarter of 2008 compared to the third quarter of 2007. See “Liquidity and Capital Resources” below for more information.

**Other Income (Expense).** We recorded other income of \$102,000 in the third quarter of 2008 due primarily to transaction exchange gains recorded by our UK subsidiary resulting from the significant strengthening of the U.S. dollar against the British pound during the third quarter of 2008. We recorded other expense of \$8,000 in the third quarter of 2007.

**Income Taxes.** We recorded an income tax provision for the third quarter of 2008 of \$802,000 at an effective tax rate of 39.9%, compared to an income tax benefit during the third quarter of 2007 of \$685,000 at an effective tax rate of 40.3%. Our effective tax rate for the third quarter of 2008 does not include any benefit from the federal research and development credit, as this credit expired at the end of 2007. However, in October 2008 this credit was reinstated retroactive to January 1, 2008, as part of the passage of the Emergency Economic Stabilization Act of 2008. As a result, we expect to recognize the full year 2008 income tax benefit from the federal research and development credit of approximately \$100,000 in the fourth quarter of 2008, which will favorably impact our effective tax rate for the fourth quarter and full year 2008. We expect our annual effective tax rate for 2008 to be between 34% and 35%.

**Net Income (Loss).** We reported net income during the third quarter of 2008 of \$1,210,000, or \$0.13 per diluted share, compared to a net loss of (\$1,016,000), or (\$0.11) per diluted share, for the third quarter of 2007.

[Table of Contents](#)

**Nine months ended September 30, 2008 compared to nine months ended September 30, 2007**

**Net Sales.** Net sales by market for the nine months ended September 30, 2008 and 2007 were as follows:

<i>(In thousands)</i>	Nine months ended September 30, 2008		Nine months ended September 30, 2007		Change	
	\$	%	\$	%	\$	%
Banking and point-of-sale	\$ 8,730	18.2%	\$ 8,705	23.4%	\$ 25	0.3%
Casino and gaming	16,958	35.4%	13,883	37.4%	3,075	22.1%
Lottery	13,124	27.4%	4,697	12.6%	8,427	179.4%
TransAct Services Group	9,118	19.0%	9,867	26.6%	(749)	(7.6)%
	<u>\$ 47,930</u>	<u>100.0%</u>	<u>\$ 37,152</u>	<u>100.0%</u>	<u>\$ 10,778</u>	<u>29.0%</u>
International *	<u>\$ 7,735</u>	<u>16.1%</u>	<u>\$ 8,769</u>	<u>23.6%</u>	<u>\$ (1,034)</u>	<u>(11.8)%</u>

\* International sales do not include sales of printers made to domestic distributors or other customers who in turn ship those printers to international destinations.

Net sales for the first nine months of 2008 increased \$10,778,000, or 29%, from the prior year's first nine months due primarily to higher printer shipments into our lottery (an increase of \$8,427,000, or 179%) and casino and gaming (an increase of \$3,075,000, or 22%) markets. Sales from TSG decreased by \$749,000, or 8%. Overall, international sales decreased by \$1,034,000, or 12%. The decrease in TSG sales and international sales were due largely to the expiration in November 2007 of a service contract with a single customer in the United Kingdom.

**Banking and point-of-sale:**

Sales of our banking and POS printers worldwide increased \$25,000, or less than 1%.

<i>(In thousands)</i>	Nine months ended September 30, 2008		Nine months ended September 30, 2007		Change	
	\$	%	\$	%	\$	%
Domestic	\$ 8,058	92.3%	\$ 7,675	88.2%	\$ 383	5.0%
International	672	7.7%	1,030	11.8%	(358)	(34.8)%
	<u>\$ 8,730</u>	<u>100.0%</u>	<u>\$ 8,705</u>	<u>100.0%</u>	<u>\$ 25</u>	<u>0.3%</u>

Domestic banking and POS revenue increased to \$8,058,000, representing a \$383,000, or 5%, increase from the first nine months of 2007. Banking printer sales increased by approximately \$600,000 due largely to incremental sales of our first generation BANKjet® 1500 bank teller printer to an existing customer as well as increasing sales of our new BANKjet® 2500 bank teller printer in the first nine months of 2008 compared to the first nine months of 2007. Although we are currently pursuing several banking opportunities, due to the project-oriented nature of these sales, and the current credit crisis that we believe is negatively impacting the banking industry's level of capital expenditures, we cannot predict if and when future sales may occur. Our increased banking printer sales were also complemented by increased sales of our new Ithaca® 8000 thermal receipt/label printer for McDonalds, as well as initial sales of our second printer product, the Ithaca® 8040, for this same customer. We also experienced increased sales of our legacy line of POS impact printers to our distributors. Although we experienced higher sales of legacy impact printers in the first nine months of 2008 compared to the first nine months of 2007, we expect sales of these printers for the remainder of 2008 to be lower than those reported for the comparable 2007 period, as these printers are being replaced by our newer thermal and inkjet printers. These increases were largely offset by the non-recurring sales of a discontinued inkjet printer to a single customer in the first quarter of 2007.

International banking and POS printer shipments decreased by \$358,000, or 35%, to \$672,000, due primarily to lower sales to our international POS distributors in Europe, Latin America, and Asia.

**Casino and gaming:**

Sales of our casino and gaming products increased by \$3,075,000, or 22%, from the first nine months of 2007, due to increased sales of our thermal casino and gaming printers both domestically and internationally.

## Table of Contents

<i>(In thousands)</i>	Nine months ended September 30, 2008		Nine months ended September 30, 2007		Change	
	\$	%	\$	%	\$	%
Domestic	\$ 10,606	62.5%	\$ 8,621	62.1%	\$ 1,985	23.0%
International	6,352	37.5%	5,262	37.9%	1,090	20.7%
	<u>\$ 16,958</u>	<u>100.0%</u>	<u>\$ 13,883</u>	<u>100.0%</u>	<u>\$ 3,075</u>	<u>22.1%</u>

Domestic sales of our casino and gaming printers increased by \$1,985,000, or 23%, due largely to an increase in domestic sales of our thermal casino printers, including incremental sales beginning in the second quarter of 2008 resulting from our new status as default printer provider to IGT beginning April 2008, despite a weak domestic casino market. We expect the domestic casino and gaming market to continue to be weak for the remainder of 2008 and into 2009. In light of these negative market conditions our future sales to the domestic casino and gaming market will be unpredictable and adversely affected.

International casino and gaming printer sales increased \$1,090,000, or 21%, to \$6,352,000 in the first nine months of 2008. International sales represented 38% of total sales into our casino and gaming market during the first nine months of 2008 and 2007. This increase was due primarily to increased sales of our gaming printers in Europe, including growing sales of our new off-premise gaming printers, partly offset by lower international slot printer sales to Australia due to a slowdown in the conversion to ticket-in, ticket-out slot machines in this market.

### Lottery:

Sales of our lottery products increased by \$8,427,000, or 179%, from the first nine months of 2007, due to higher sales of lottery printers to GTECH, both domestically and internationally.

<i>(In thousands)</i>	Nine months ended September 30, 2008		Nine months ended September 30, 2007		Change	
	\$	%	\$	%	\$	%
Domestic	\$ 12,691	96.7%	\$ 4,322	92.0%	\$ 8,369	193.6%
International	433	3.3%	375	8.0%	58	15.5%
	<u>\$ 13,124</u>	<u>100.0%</u>	<u>\$ 4,697</u>	<u>100.0%</u>	<u>\$ 8,427</u>	<u>179.4%</u>

Domestic and international printer sales to GTECH, which include thermal on-line and other lottery printers, increased by \$8,427,000, or 179%, in the first nine months of 2008 compared to the first nine months of 2007, with domestic sales increasing \$8,369,000 and international sales increasing \$58,000. Our quarterly sales to GTECH are directly dependent on the timing and number of new and upgraded lottery terminal installations GTECH performs, and as a result, may fluctuate significantly quarter-to-quarter. Our sales to GTECH are not indicative of GTECH's overall business or revenue. We expect total sales to GTECH for the fourth quarter of 2008 to be lower than those reported during the third quarter of 2008.

### TransAct Services Group:

Sales from TSG decreased by \$749,000, or 8%.

<i>(In thousands)</i>	Nine months ended September 30, 2008		Nine months ended September 30, 2007		Change	
	\$	%	\$	%	\$	%
Domestic	\$ 8,840	97.0%	\$ 7,765	78.7%	\$ 1,075	13.8%
International	278	3.0%	2,102	21.3%	(1,824)	(86.8)%
	<u>\$ 9,118</u>	<u>100.0%</u>	<u>\$ 9,867</u>	<u>100.0%</u>	<u>\$ (749)</u>	<u>(7.6)%</u>

Domestic revenue from TSG increased by \$1,075,000, or 14%, largely due to increased sales of consumable products, including higher sales of inkjet cartridges as we continue to benefit from the agreement we signed in August 2006 to supply inkjet cartridges as well as growing sales of paper and other consumable products through our new e-commerce website, TransActSupplies.com. The increase in domestic TSG revenue was also due, to a lesser extent, to higher maintenance and repair services revenue for the first nine months of 2008 as we renew and expand existing contracts for our service products including extended warranty contracts and our 24-hour guaranteed

## [Table of Contents](#)

replacement product service called TransAct Xpress™. These increases were somewhat offset by a decline in the sales of spares and replacement parts for certain legacy printers, as the installed base of these legacy printers in the market continues to decline.

Internationally, TSG revenue decreased by \$1,824,000, or 87%, to \$278,000, due largely to a decrease in maintenance and repair services revenue from a service contract with a single customer in the United Kingdom. The service contract, which represented a substantial portion of our U.K. subsidiary's revenue in 2007, ended in November 2007 and was not renewed, as the customer replaced our printers with newer technology that we were unable to provide. As a result, we expect international TSG revenue to be lower in 2008 compared to 2007.

**Gross Profit.** Gross profit information is summarized below (in thousands, except percentages):

	<u>September 30,</u>		<u>Percent</u> <u>Change</u>	<u>Percent of</u> <u>Total Sales – 2008</u>	<u>Percent of</u> <u>Total Sales – 2007</u>
	<u>2008</u>	<u>2007</u>			
Nine months ended	\$16,133	\$12,578	28.3%	33.7%	33.9%

Gross profit increased \$3,555,000, or 28%, to \$16,133,000 from \$12,578,000, due primarily to a 29% increase in sales from the first nine months of 2008 compared to the first nine months of 2007. Gross margin decreased to 33.7% from 33.9%, due primarily to a less favorable sales mix, and, to a lesser extent, higher freight expenses, partially offset by a higher volume of sales, in the first nine months of 2008 compared to the first nine months of 2007.

**Engineering and Product Development.** Engineering and product development information is summarized below (in thousands, except percentages):

	<u>September 30,</u>		<u>Percent</u> <u>Change</u>	<u>Percent of</u> <u>Total Sales – 2008</u>	<u>Percent of</u> <u>Total Sales – 2007</u>
	<u>2008</u>	<u>2007</u>			
Nine months ended	\$2,119	\$2,284	(7.2)%	4.4%	6.1%

Engineering, design and product development expenses decreased by \$165,000, or 7%, to \$2,119,000, due primarily to lower outside design, prototype, development, and professional consulting related expenses. Engineering and product development expenses decreased as a percentage of net sales due primarily to a higher volume of sales as well as lower expenses in the first nine months of 2008 compared to the first nine months of 2007.

**Selling and Marketing.** Selling and marketing information is summarized below (in thousands, except percentages):

	<u>September 30,</u>		<u>Percent</u> <u>Change</u>	<u>Percent of</u> <u>Total Sales – 2008</u>	<u>Percent of</u> <u>Total Sales – 2007</u>
	<u>2008</u>	<u>2007</u>			
Nine months ended	\$4,397	\$4,968	(11.5)%	9.2%	13.4%

Selling and marketing expenses for the first nine months of 2008 decreased by \$571,000, or 12%, due primarily to a reduced level of sales staff related expenses resulting from the cost reduction actions we took in late 2007 as well as lower trade show and other promotional marketing expenses. Selling and marketing expenses decreased as a percentage of net sales due primarily to a higher volume of sales as well as lower expenses in the first nine months of 2008 compared to the first nine months of 2007.

**General and Administrative.** General and administrative information is summarized below (in thousands, except percentages):

	<u>September 30,</u>		<u>Percent</u> <u>Change</u>	<u>Percent of</u> <u>Total Sales – 2008</u>	<u>Percent of</u> <u>Total Sales – 2007</u>
	<u>2008</u>	<u>2007</u>			
Nine months ended	\$5,335	\$5,346	(0.2)%	11.1%	14.4%

## [Table of Contents](#)

General and administrative expenses decreased by \$11,000, or less than 1%, due primarily to lower legal expenses related to general corporate matters, recruitment related expenses, and professional fees. These decreases were partially offset by higher compensation related expenses, including the hiring of our new Vice President of Business Development in May 2008, increased rent and facility-related expenses, including depreciation expense on purchases of office furniture and leasehold improvements for our new corporate headquarters in Hamden, CT that we moved into during the second quarter of 2007. General and administrative expenses decreased as a percentage of net sales due primarily to a higher volume of sales in the first nine months of 2008 as compared to the first nine months of 2007.

**Legal Fees associated with lawsuit.** During the first nine months of 2008, we incurred \$3,029,000 of legal fees related to the recently settled lawsuit with FutureLogic, Inc. compared to \$1,715,000 in the first nine months of 2007. The substantial increase was due to the settlement of our litigation with FutureLogic, Inc. in May 2008. As a result of the settlement, we do not expect to incur any additional legal fees related to the lawsuit for the remainder of 2008. See “Item 1 - Legal Proceedings” in Part II of this report for more information.

**Operating Income (Loss).** Operating income (loss) information is summarized below (in thousands, except percentages):

	September 30,		Percent Change	Percent of Total Sales – 2008	Percent of Total Sales – 2007
	2008	2007			
Nine months ended	\$1,253	\$(1,747)	171.7%	2.6%	(4.7)%

During the first nine months of 2008, we reported operating income of \$1,253,000, or 2.6% of net sales, compared to an operating loss of (\$1,747,000), or (4.7%) of net sales in the first nine months of 2007. The increase in our operating income and increase in operating margin was due primarily to a higher volume of sales and gross profit as well as lower operating expenses, excluding legal fees associated with the recently settled lawsuit with FutureLogic, Inc., in the first nine months of 2008 compared to that of 2007.

**Interest.** We recorded net interest expense of \$6,000 in the first nine months of 2008 compared to net interest income of \$58,000 in the first nine months of 2007. The decrease was largely due to a lower average cash balance in the first nine months of 2008 compared to the first nine months of 2007, coupled with a lower overall rate of return on our invested cash balance due to the decreasing interest rate environment. See “Liquidity and Capital Resources” below for more information.

**Other Income.** We recorded other income of \$96,000 in the first nine months of 2008 compared to other income of \$4,000 in the first nine months of 2007. The increase was due primarily to transaction exchange gains recorded by our UK subsidiary resulting from the significant strengthening of the U.S. dollar against the British pound primarily in the third quarter of 2008.

**Income Taxes.** We recorded an income tax provision for the first nine months of 2008 of \$535,000 at an effective tax rate of 39.8%. During the first nine months of 2007 we recorded an income tax benefit of \$730,000 at an effective tax rate of 43.3%, largely due to an increase in the recognition of certain tax credits. Our effective tax rate for the first nine months of 2008 does not include any benefit from the federal research and development credit, as this credit expired at the end of 2007. However, in October 2008 this credit was reinstated retroactive to January 1, 2008, as part of the passage of the Emergency Economic Stabilization Act of 2008. As a result, we expect to recognize the full year 2008 income tax benefit from the federal research and development credit of approximately \$100,000 in the fourth quarter of 2008, which will favorably impact our effective tax rate for the fourth quarter and full year 2008. We expect our annual effective tax rate for 2008 to be between 34% and 35% due to the recognition of certain tax credits during the fourth quarter of 2008.

**Net Income (Loss).** We reported a net income during the first nine months of 2008 of \$808,000, or \$0.08 per diluted share, compared to a net loss of (\$955,000), or (\$0.10) per diluted share, for the first nine months of 2007.

## **Liquidity and Capital Resources**

### **Cash Flow**

In the first nine months of 2008, our cash flows reflected the results of higher sales volume partially offset by higher legal fees related to the recently settled lawsuit with FutureLogic, Inc.. After funding \$729,000 of capital expenditures and incurring \$3,029,000 of legal fees related to the recently settled lawsuit with FutureLogic, our cash balance increased by \$1,517,000 from December 31, 2007. We ended the first nine months of 2008 with approximately \$4,100,000 in cash and cash equivalents and no debt outstanding.

## [Table of Contents](#)

*Operating activities:* The following significant factors affected our cash provided by operations of \$2,028,000 in the first nine months of 2008 as compared to our cash provided by operations of \$2,862,000 in the first nine months of 2007:

During the first nine months of 2008:

- We reported net income of \$808,000.
- We recorded depreciation, amortization, and non-cash compensation expense of \$1,998,000.
- We recorded non-cash deferred income tax expense of \$440,000.
- Accounts receivable increased by \$2,044,000 due to higher sales in the first nine months of 2008 compared to the first nine months of 2007.
- Gross inventories increased by \$181,000 due to higher stocking levels resulting from initiatives to increasingly move production to Asia and increased sales volume.
- Accounts payable increased by \$1,122,000 due to higher inventory purchases related to higher sales volume during the first nine months of 2008.
- Accrued liabilities and other liabilities decreased by \$191,000 due primarily to lower accrued legal fees primarily related to the recently settled lawsuit with FutureLogic, Inc. during the first nine months of 2008.

During the first nine months of 2007:

- We reported a net loss of \$955,000.
- We recorded depreciation, amortization, and non-cash compensation expense of \$1,925,000.
- We recorded non-cash deferred income tax benefit of \$1,178,000.
- Accounts receivable decreased by \$4,178,000 due to lower sales during the first nine months of 2007, and improved collection efforts.
- Gross inventories increased by \$1,718,000 due to an increase in consigned inventory programs with certain of our customers, and higher stocking levels resulting from our initiatives to move increased production to Asia.
- Accounts payable increased by \$901,000 due to higher inventory purchases and the timing of payments during the first nine months of 2007.
- Accrued liabilities decreased by \$192,000 due to the following: (1) lower compensation related accruals and (2) a lower income tax accrual based on the decreased level of income before taxes. These decreases were somewhat offset by increases in accrued legal fees, primarily related to our lawsuit with FutureLogic, Inc. and deferred rent related to the lease of our new Corporate headquarters in Hamden, CT.
- Accrued restructuring expenses decreased by \$315,000 due largely to payments made on our Wallingford, CT lease obligation.

*Investing activities:* Our capital expenditures were \$729,000 and \$1,951,000 in the first nine months of 2008 and 2007, respectively. Expenditures in 2008 included approximately \$389,000 for the purchase of new product tooling, \$250,000 for the purchase of computer, networking equipment, and software, \$82,000 for the purchase of manufacturing equipment, and the remaining amount primarily for the purchase of engineering equipment and leasehold improvements. Expenditures in 2007 included approximately \$1,247,000 for the purchase of leasehold improvements and office furniture for our new corporate headquarters in Hamden, CT, \$121,000 for the purchase of leasehold improvements and office furniture for our new Eastern Region service center in New Britain, CT, \$290,000 for the purchase of new computer hardware and software including outside consulting costs related to our Oracle software implementation, and the remaining amount primarily for the purchase of new product tooling. Capital expenditures for 2008 are expected to be approximately \$1,000,000, primarily for new product tooling and tooling enhancements to our existing products.

*Financing activities:* We generated \$298,000 of cash from financing activities during the first nine months of 2008 from proceeds from stock option exercises. During the first nine months of 2007, we used \$1,100,000 in financing activities, largely due to the repurchase of \$1,266,000 of Company stock, partially offset by proceeds from stock option exercises of \$149,000 during the first nine months of 2007.

### **Working Capital**

Our working capital increased to \$14,076,000 at September 30, 2008 from \$11,234,000 at December 31, 2007. Our current ratio increased to 2.6 to 1 at September 30, 2008 compared to 2.4 to 1 at December 31, 2007. The increase in both our working capital and current ratio was largely due to higher cash and cash equivalents and receivables balances resulting from higher sales, partly offset by higher accounts payable balances.

## [Table of Contents](#)

### **Deferred Taxes**

As of September 30, 2008, we had a net deferred tax asset of \$4,108,000. In order to utilize this deferred tax asset, we will need to generate approximately \$11.7 million of taxable income in future years. In two of the last three years, we have had U.S. taxable losses and there is no assurance that we will generate future taxable income sufficient to realize all of our deferred tax assets. However, based on our current projection of future taxable income as of September 30, 2008, we believe that it is more likely than not that the existing net deferred tax asset will be realized. However, if our future projections of taxable income are less than expected, we may need to establish a valuation allowance for all or a portion of our net deferred tax asset, which may have a material adverse effect on our results of operations and financial condition.

### **Credit Facility and Borrowings**

On November 28, 2006, we signed a five-year \$20 million credit facility (the “TD Banknorth Credit Facility”) with TD Banknorth, N.A. (“TD Banknorth”). The credit facility provides for a \$20 million revolving credit line expiring on November 28, 2011. Borrowings under the revolving credit line bear a floating rate of interest at the prime rate minus one percent and are collateralized by a lien on all of our assets. We also pay a fee of 0.25% on unused borrowings under the revolving credit line. The total deferred financing costs relating to expenses incurred to complete the TD Banknorth Credit Facility was \$94,000. The TD Banknorth Credit Facility imposes certain quarterly financial covenants on us and restricts, among other things, our ability to incur additional indebtedness, the payment of dividends on our common stock and the creation of other liens. On November 7, 2007, we amended the TD Banknorth Credit Facility to revise a financial covenant effective September 30, 2007.

As of September 30, 2008, we had no balances outstanding on the revolving credit line. Undrawn commitments under the TD Banknorth Credit facility were \$20,000,000 at September 30, 2008.

### **Stock Repurchase Program**

On March 25, 2005 our Board of Directors approved a stock repurchase program (the “Stock Repurchase Program”). Under the Stock Repurchase Program, we were authorized to repurchase up to \$10 million of our outstanding shares of common stock from time to time in the open market over a three-year period, depending on market conditions, share price and other factors.

On November 1, 2007, our Board of Directors approved an increase in our stock repurchase authorization under the Stock Repurchase Program to \$15 million from \$10 million. In addition, the Board approved a two-year extension of the Stock Repurchase Program to March 31, 2010. During the three and nine months ended September 30, 2008, we made no repurchases of common stock. As of September 30, 2008, we have repurchased a total of 1,034,000 shares of common stock for \$7,995,000, at an average price of \$7.73 per share, since the inception of the Stock Repurchase Program.

### **Contractual Obligations / Off-Balance Sheet Arrangements**

The disclosure of payments we have committed to make under our contractual obligations is set forth under the heading “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Contractual Obligations” in our 2007 Form 10-K. There have been no material changes in our contractual obligations outside the ordinary course of business since December 31, 2007. We have no material off-balance sheet arrangements as defined in Regulation S-K 303(a)(4)(ii).

### **Recently Issued Accounting Pronouncements**

**Fair Value Measurements:** In September 2006, the Financial Accounting Standards Board (“FASB”) issued Statement of Financial Accounting Standards No. 157, “Fair Value Measurements” (“FAS 157”). This statement defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. This Statement applies under other accounting pronouncements that require or permit fair value measurements. FAS 157 defines fair value based upon an exit price model. A fair value measurement assumes that the transaction to sell an asset or transfer a liability occurs in the principal market for the asset or liability, or, in the absence of a principal market, the most advantageous market for the asset or liability. This Statement was effective for the Company beginning on January 1, 2008, except that FSP 157-2 delayed the effective date of FAS 157 for all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value in the financial statements on a recurring basis, until fiscal years beginning after November 15, 2008. The Company adopted FAS 157 on January 1, 2008, with the exception of the application of the Statement to non-recurring nonfinancial assets and liabilities measured at fair value which include: (i) goodwill impairment testing, (ii) initial measurement of the fair value of asset retirement obligations and (iii) measurement of impairment of long-lived assets. The implementation of FAS 157 did not have an effect on the Company’s consolidated financial position, results of operations or cash flows during the three months and nine months ended September 30, 2008, and is not expected to have a material effect on the Company upon full adoption in future periods.

**Fair Value Option for Financial Assets and Financial Liabilities:** In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159, “The Fair Value Option for Financial Assets and Financial Liabilities, including an amendment of FASB Statement No. 115” (“FAS 159”). This Statement permits entities to choose to measure many financial instruments and certain other items at fair value that are not currently required to be measured at fair value. The Company adopted FAS 159 on January 1, 2008 and elected not to measure any additional financial instruments and other items at fair value. The adoption did not have a material effect on the Company’s consolidated financial position, results of operations or cash flows during the three months and nine months ended September 30, 2008.

**Business Combinations:** In December 2007, the FASB issued Statement of Financial Accounting Standards No. 141 (revised 2007), “Business Combinations” (“FAS 141(R)"). FAS 141(R) amends Statement of Financial Accounting Standards No. 141, “Business Combinations” and provides revised guidance requiring the acquirer to recognize and measure, at fair value on the acquisition date, identifiable assets and goodwill acquired, liabilities assumed, and any non-controlling interest in the acquiree. Transaction and restructuring costs generally will be expensed as incurred. The Statement also provides disclosure requirements to enable users of the financial statements to evaluate the nature and financial effects of the business combination. FAS 141(R) is effective for fiscal years beginning on or after December 15, 2008 and will be applied prospectively. The Company is currently evaluating the potential impact of this Statement.

### **Resource Sufficiency**

We believe that our cash on hand, cash flows generated from operations and borrowings available under the TD Banknorth Credit Facility will provide sufficient resources to meet our working capital needs, finance our capital expenditures, fund our Stock Repurchase Program, and meet our liquidity requirements through at least the next twelve months.

The disclosure of our exposure to market risk is set forth under the heading “Quantitative and Qualitative Disclosures about Market Risk” in our 2007 Form 10-K. There have been no material changes in our exposure to market risk during the three months ended September 30, 2008.

**Item 4. CONTROLS AND PROCEDURES**

As of the end of the period covered by this quarterly report, an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures was conducted under the supervision and with the participation of the Chief Executive Officer and Chief Financial Officer. Based on this evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that the Company's disclosure controls and procedures were adequate and designed to ensure that information required to be disclosed by the Company in this report is recorded, processed, summarized and reported in a timely manner, including that such information is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

There were no significant changes in internal controls or in other factors that could be reasonably likely to materially affect internal controls, including any corrective actions with regard to significant deficiencies and material weaknesses in internal controls, during the period covered by this report.

Our management, including our Chief Executive Officer and Chief Financial Officer, does not expect that our disclosure controls and procedures or our internal controls will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a controls system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected.

These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Controls can also be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the controls. The design of any system of controls is based in part on certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Projections of any evaluation of controls effectiveness to future periods are subject to risks. Over time, controls may become inadequate because of changes in conditions or deterioration in the degree of compliance with policies or procedures.

**PART II. OTHER INFORMATION**

**Item 1. LEGAL PROCEEDINGS**

We had been involved in patent litigation with FutureLogic with respect to our patents U.S. Patent 6,924,903 and U.S. Patent 7,099,035. On May 13, 2008, we signed a Patent License and Settlement Agreement with FutureLogic that settled the current patent litigation and all other legal matters outstanding between the two parties. Under the Patent License and Settlement Agreement, FutureLogic has agreed to license our dual port technology for printers and upgrade kits that utilize the patented technology. The license granted FutureLogic worldwide, perpetual rights for U.S. Patent 6,924,903, U.S. Patent 7,099,035, related applications and patents, and foreign counterparts.

**Item 1A. RISK FACTORS**

Risk factors that may impact future results include those disclosed in our Form 10-K for the year ended December 31, 2007. No changes have occurred during the three and nine months ended September 30, 2008, other than we have removed the risk related to the outcome of the lawsuit with FutureLogic, Inc., as we settled the lawsuit in May 2008 as well as the addition of the risk noted below.

*Current economic conditions and market disruptions may adversely affect our business and results of operations.*

As widely reported, financial markets throughout the world have been experiencing extreme disruption in recent months, including, among other things, extreme volatility in security prices, severely diminished liquidity and credit availability, rating downgrades of certain investments and declining valuations of others, failure and potential failures of major financial institutions and unprecedented government support of financial institutions. These developments and the related general economic downturn may adversely impact our business and financial condition in a number of ways, including impacts beyond those typically associated with other recent downturns in the U.S. and foreign economies. The slowdown could lead to reduced capital spending by end users, which could adversely affect our product sales. The current tightening of credit in financial markets and the general economic downturn may adversely affect the ability of our customers, suppliers, outsource manufacturer and channel partners (e.g., distributors and resellers) to obtain financing for significant purchases and operations and to perform their obligations with the Company. The tightening could result in a decrease in or cancellation of orders for our products and services, could negatively impact our ability to collect its accounts receivable on a timely basis, could result in additional reserves for uncollectible accounts receivable being required, and in the event of the contraction in our sales, could lead to dated inventory and require additional reserves for obsolescence. Significant volatility and fluctuations in the rates of exchange for the U.S. dollar against foreign currencies could negatively impact our customer pricing and adversely affect our results.

We are unable to predict the duration and severity of the current economic downturn and disruption in financial markets or their effects on our business and results of operations, but the consequences may be materially adverse and more severe than other recent economic slowdowns.

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, "Item 1A. Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2007, which could materially affect our business, financial condition or future results. The risks described in our Annual Report on Form 10-K are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

**Item 2. STOCK REPURCHASE**

On March 25, 2005 our Board of Directors approved a stock repurchase program (the "Stock Repurchase Program"). Under the Stock Repurchase Program, management was authorized to repurchase up to \$10 million of our outstanding shares of common stock from time to time in the open market over a three-year period, depending on market conditions, share price and other factors.

---

[Table of Contents](#)

On November 1, 2007, our Board of Directors approved an increase in our stock repurchase authorization under the Stock Repurchase Program to \$15 million from \$10 million. In addition, the Board approved a two-year extension of the Stock Repurchase Program to March 31, 2010.

For the three and nine months ended September 30, 2008, we made no repurchases of common stock. As of September 30, 2008, we have repurchased a total of 1,034,000 shares of common stock for \$7,995,000, at an average price of \$7.73 per share since the inception of the Stock Repurchase Program. As of September 30, 2008, \$7,005,000 remains available to purchase common stock pursuant to the Stock Repurchase Program.

EXHIBIT LIST

The following exhibits are filed herewith.

Exhibit

- 31.1 Certification of Chief Executive Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
- 31.2 Certification of Chief Financial Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
- 32.1 Certification of Chief Executive Officer pursuant to 18 U.S.C. Section 1350 as adopted pursuant to section 906 of the Sarbanes-Oxley Act of 2002.
- 32.2 Certification of Chief Financial Officer pursuant to 18 U.S.C. Section 1350 as adopted pursuant to section 906 of the Sarbanes-Oxley Act of 2002.

**CERTIFICATION**

I, Bart C. Shuldman, certify that:

1. I have reviewed this quarterly report on Form 10-Q of TransAct Technologies Incorporated;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
  - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report information; and
  - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
