TransAct Technologies Signs Contract to Install EPICENTRAL(R) Print System at Resorts World Casino New York City

HAMDEN, Conn., Jan. 7, 2013 (GLOBE NEWSWIRE) -- TransAct Technologies Incorporated (Nasdaq:TACT), a global leader in market-specific solutions, including printers, terminals, software and other products for transaction-based and other industries, today announced that it has signed a contract to install the EPICENTRAL® Print System at Resorts World Casino New York City. The EPICENTRAL® Print System will initially be connected to 2,500 slot machines and is projected to go live in the second guarter of 2013.

"We are excited to be working with Genting Group, one of the most dynamic casino resort operators in the world, as we install our EPICENTRAL® Print System at their casino at Aqueduct in New York City," said Bart C. Shuldman, Chairman and Chief Executive Officer of TransAct Technologies. "We plan to initially install EPICENTRAL® on 2,500 slot machines with the potential to extend the installation to Resorts World's other 2,500 slot machines in the near future. Further, with the EPICENTRAL® Print System, Resorts World customers will no longer need to receive coupons and promotions at various kiosks on the casino floor; instead, patrons can now receive their rewards at the slot machine, thereby increasing slot machine play, enhancing the customer experience and helping to drive increased revenue for Genting."

The EPICENTRAL® Print System — connected directly to TransAct's ServerPort™ device inside the slot machine- is an easy-to-use, cost-efficient software system that enables casinos to internally develop marketing programs and promotional coupons to be distributed to customers on a real-time basis at a slot machine via the EPICENTRAL® technology. Additionally, the system works with existing slot systems and games as it operates with a separate and distinct connection with the printer. With this, casinos will be able to use the EPICENTRAL® Print System to connect to all existing slot machines, regardless of the game's manufacturer, to drive increased revenue and enhance their customers' experience on a real-time basis.

About TransAct Technologies Incorporated

TransAct Technologies Incorporated (Nasdaq:TACT) is a leader in developing and manufacturing market-specific solutions, including printers, terminals, software and other products for transaction-based and other industries. These industries include casino, gaming, lottery, banking, kiosk, point-of-sale, food safety, hospitality, oil and gas, and medical and mobile. Each individual market has distinct, critical requirements for printing and the transaction is not complete until the receipt and/or ticket is produced. TransAct printers and products are designed from the ground up based on market specific requirements and are sold under the Ithaca®, Epic, EPICENTRAL® and Printrex® product brands. TransAct distributes its printers through OEMs, value-added resellers, selected distributors, and direct to end-users. TransAct has over 2.4 million printers installed around the world. TransAct is also committed to providing world-class printer service, spare parts, accessories and printing supplies to its growing worldwide installed base of printers. Through its TransAct Services Group, TransAct provides a complete range of supplies and consumables items used in the printing and scanning activities of customers in the hospitality, banking, retail, gaming, government and oil and gas exploration markets. Through its webstore, http://www.transactsupplies.com, and a direct selling team, TransAct addresses the on-line demand for these products. TransAct is headquartered in Hamden, CT. Forward-Looking Statements

Certain statements in this press release include forward-looking statements. Forward-looking statements generally can be identified by the use of forward-looking terminology, such as "may", "will", "expect", "intend", "estimate", "anticipate", "believe" or "continue" or the negative thereof or other similar words. All forward-looking statements involve risks and uncertainties, including, but are not limited to, customer acceptance and market share gains, both domestically and internationally, in the face of substantial competition from competitors that have broader lines of products and greater financial resources; introduction of new products into the marketplace by competitors; successful product development; dependence on significant customers; dependence on significant vendors; dependence on contract manufacturers for the assembly of a large portion of our products in China; the ability to protect intellectual property; the ability to recruit and retain quality employees as the Company grows; dependence on third parties for sales outside the United States, including Australia, New Zealand, Europe, Latin America and Asia; economic and political conditions in the United States, Australia, New Zealand, Europe, Latin America and Asia;

marketplace acceptance of new products; risks associated with foreign operations; availability of third-party components at reasonable prices; price wars or other significant pricing pressures affecting the Company's products in the United States or abroad; risks associated with potential future acquisitions; the outcome of the lawsuit between TransAct and Avery Dennison Corporation; and other risk factors detailed from time to time in TransAct's reports filed with the Securities and Exchange Commission. Actual results may differ materially from those discussed in, or implied by, the forward-looking statements. The forward-looking statements speak only as of the date of this release and the Company assumes no duty to update them to reflect new, changing or unanticipated events or circumstances.
